

## Depth & Clarity PSYCHOLOGY

850 Elm Grove Rd, Ste 17 | Elm Grove, WI 53122

### Hiring: Licensed Psychologist or Postdoctoral Fellow

---

Depth & Clarity Psychology is a warm, relational practice specializing in comprehensive psychological assessment and therapy for children, adolescents, and adults. We value curiosity, collaboration, and depth in understanding.

We are seeking a **licensed psychologist or postdoctoral fellow** to join our team as a **W-2 employee**. The ideal candidate is thoughtful, detail-oriented, and passionate about psychological testing, though opportunities for therapy work are also available. This role offers flexibility, mentorship, and a supportive environment that honors both professional development and personal well-being.

#### What You'll Do

- Conduct psychological evaluations for children and adults (ADHD, autism, learning, mood, and personality concerns)
- Provide individual therapy if desired, with caseload tailored to your interests
- Collaborate with families, schools, and providers to ensure integrative care
- Complete documentation in SimplePractice and participate in team consultation

#### What We Offer

- Hybrid schedule: in-person testing in our Elm Grove office and optional remote work for report writing and sessions as appropriate
- Administrative support, scoring platforms, and testing materials provided
- Warm, beautifully designed workspace aligned with our cozy, relational brand
- Clinical consultation and supervision (postdoc supervision available)
- Opportunities for growth within a collaborative, values-driven team

#### Compensation & Benefits

- W-2 position with a competitive percentage-based structure (typically 55–65% of collected revenue, depending on experience, training, and service type).
- Flexible schedule with part-time or full-time options
- Supervision for postdocs

## Qualifications

- Doctoral degree (PhD or PsyD) in Clinical, Counseling, or School Psychology
- Wisconsin license or license-eligible (postdoctoral supervision available)
- Experience with psychological testing required; pediatric assessment preferred
- Alignment with relational, psychodynamic, and neuroaffirming approaches

If you value depth, clarity, and connection in your work, we would love to hear from you.

Please send a brief letter of interest and CV to **Dr. Anna Weber, PsyD, LP** at [anna@depthandclaritypsych.com](mailto:anna@depthandclaritypsych.com).
